

Healthcare Opportunity

Looking for an exciting and evolving healthcare career?

Osceola Medical Center, one of the most well-respected health care centers in the area, is looking for a qualified applicant to fill the following position:

Pharmacy Manager (Full time) Responsible for leading the pharmaceutical services for the hospital and clinic. Management responsibilities include general day-to-day operations of the pharmacy including budgeting and scheduling of pharmacists and pharmacy technicians.

Pharmacist duties include monitoring and verifying appropriateness of prescription treatment, providing chemotherapy for infusion therapy services, and participation in the implementation of an automated medication system.

Registered Pharmacist with current Wisconsin RPh licensure or eligibility required; PharmD preferred. Prior experience in a hospital and previous management experience a plus.

OMC offers a complete benefit package including medical, dental and vision insurance, matching 403(b) retirement plan, and paid time off. Submit your application or resume by mail, fax or online to:
