

Pharmacist - Clinical Coordinator - # 416338
St. Francis Regional Medical Center - Shakopee, MN

Located in **Minnesota and western Wisconsin**, Allina Hospitals and Clinics are a not-for-profit system of hospitals, clinics and other health care services, united in caring for our patients – with unparalleled talent, knowledge and technology; caring for our communities – through collaborative efforts to promote stewardship, compassion and wellness; and caring for each other – in an environment that puts patients first and helps passionate people excel. This is what makes Allina unique. Won't you join us?

St. Francis Regional Medical Center, located in Shakopee, Minn., is jointly owned by Allina Hospitals & Clinics, Benedictine Health System, and Park Nicollet Health Services. It provides a full range of inpatient, outpatient, and emergency care services to more than 115,000 patients each year on a collaborative medical campus with more than 30 other providers. This unique structure enables St. Francis to combine the caring and compassion of a community hospital with the modern medical technology, specialties, and services found in the metro area. St. Francis has 800 employees, 400 physicians and 86 staffed beds.

Responsibilities:

- Assume primary responsibilities for P&T, Medication Utilization Evaluations, Adverse Drug Reaction reporting and other quality/clinical initiatives.
- Enhance, develop, and oversee the provision of clinical pharmacy services.
- Precept the Pharmacy student rotations.
- Participate on committees and project teams that require clinical pharmacist expertise within Allina and St. Francis.

Qualifications:

- Doctor of Pharmacy degree with residency training required.
- Licensed pharmacist with the MN Board of Pharmacy.
- Minimum of 2 years experience as a hospital pharmacist preferred.
- Good written communication skills.
- Accuracy and attention to details.
- Math skills, accurate reading skills.
- Ability to use and understand pharmacy terminology.
- Ability to work cooperatively with others as a team.
- Self motivation and the ability to prioritize work to meet patient care needs.
- Ability to differentiate work a technician is able to perform, from work that requires a pharmacist license.
